THE CONCEPT

ONE WAREHOUSE; FOUR SPACES.

THE CULTURAL SPACE THAT ADAPTS TO YOUR VISION

We're a multi-purpose cultural space in L'Hospitalet de Llobregat, ten minutes from central Barcelona. Four independent zones that work alone or together — music, art, pop-ups or corporate events.

The Hall, Bar, Terrace and Gallery share one warehouse but are managed as separate pieces: book one for an intimate format, or all four at once for a large-scale production. No cross-rentals, no outside suppliers — the technical equipment, staff and logistics are already in-house.

We don't impose formats. We provide the infrastructure so you can design the experience.

OPEN FLOORS. HIGH CEILINGS. SILENCE BEFORE IT ALL BEGINS.

A concert fits here, so does a product launch, a film shoot or a corporate dinner. No need to imagine it — just bring it.

Columns, exposed brick, concrete and high ceilings: the warehouse keeps its original industrial architecture, with no false ceilings or renders dressing up the space. What you see in these photos is exactly what you'll find on setup day.

THE COMMUNITY

BLANK CANVAS — READY FOR YOU TO DRAW ON

Village Underground opened its doors on April 18th: a multidisciplinary space dedicated to music, art and community, in L'Hospitalet's emerging cultural district.

We've inherited the vision of our London headquarters: a place where everyone is welcome and projects don't just grow, they break through. This is just the beginning.

4 SPACES · 1 WAREHOUSE

01

THE HALL

02

THE BAR

03

THE TERRACE

04

THE GALLERY

07

01 — THE MAIN HALL

HIGH-END PLUG & PLAY PRODUCTION

An open-plan space of 260.83 m² with capacity for 436 people standing. Equipped with a d&b Line Array sound system, professional moving lights and a black backdrop. Designed to start operating immediately, with no setup delays.

A hall with its own sound system, lighting rig and bar. 436 standing for events, with full flexibility for seating, tables and more.

YOU ARRIVE, PLUG IN, AND YOUR EVENT IS ALREADY SOUNDING GREAT.

CONCERTS · DJ SETS · CORPORATE GALAS · FILM SHOTS · PRESENTATIONS

02 – THE BAR & THE TERRACE

BAR AND TERRACE

A full-service bar, connected to both the Terrace and the Gallery. The outdoor patio extends the event into the open air — perfect for drinks receptions, networking, breaks and much more.

04 — THE GALLERY

A NEUTRAL CANVAS FOR YOUR EVENT

A space adjoining the hall, connected to the bar and terrace, with white walls and black acoustic panelling. A versatile setting for a VIP area, press room, showroom, exhibition space or production hub, with its own sound system — perfect for PA announcements or small events.

THE EXTRA SPACE MOST VENUES DON'T HAVE.

VIP AREA · SHOWROOM · EXHIBITION · PRODUCTION

THE ECOSYSTEM

CREATIVE COMMUNITY IN ACTION

Beyond hosting events, the complex houses a recording studio, rehearsal space and photography studio in the units around the patio, plus craft workshops and creative offices on the second floor. The patio keeps growing, with new shipping containers reworked by street artists, echoing the look of London and Lisbon.

Creative energy feeds the event, and the event feeds back into the space.

AN ECOSYSTEM THAT ALREADY WORKS, NOT A PROMISE.

PEOPLE ARE ALREADY TALKING ABOUT VILLAGE UNDERGROUND

La Vanguardia

Back in 2018, it reported that L'Hospitalet would be the first Spanish home of Village Underground, after London and Lisbon, in a warehouse on Carrer Cobalt.

VICIOUS MAGAZINE

Announced the arrival of Village Underground Barcelona as “a project that promises to bring a different vision to the city’s electronic scene.”

MIXMAG

Headlined its preview “Mysterious new venue from Village Underground team to open in Barcelona” — a mysterious new space from the Village Underground team will open in Barcelona.

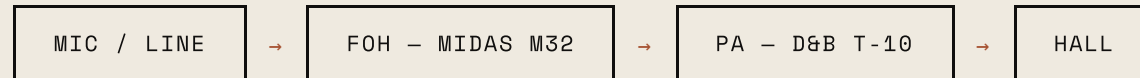

COPE

Picked up the 2018 official announcement: L'Hospitalet would host “the first Village Underground in Spain,” a cultural boost for the whole district.

THE SETUP

WHAT'S ALREADY INSTALLED

This is what's already in the warehouse. Any additional service — extra sound, security, house staff, cleaning, catering, extra lighting — is contracted separately, only if you need it. **No last-minute surprises on the budget.** We have our own dedicated sound technicians, ready to work with you.

WHY HERE

INFRASTRUCTURE AND EXPERTISE AT YOUR SERVICE.

An authentic warehouse, four adaptable areas, top-tier technical equipment already installed, and the backing of a brand with international presence.

OPERATING EFFICIENCY

High-end fixed technical equipment that reduces the need for outside rentals.

AGILE LOGISTICS

Direct street-level access for loading, unloading and heavy-tonnage logistics.
